Brand Profile

COVE granite tile brand is one of the finest tile with international quality that has passed the ISO 9002, ISO 9001:2008 and the Standard National Indonesia (SNI) supervision which originated from one of the biggest factory located in Foshan city, China that is supported by highly technology machineries as well as tiles design that are always renewed with recent unique innovations. Cove granite tile factory in China has also exported its granite tiles to various parts in the world, such as : Spain, Italy, Australia, Saudi Arabia, UEA, Jordania and Indonesia as well as other countries around the world.

Cove granite tile's quality has been proven over and over again especially with exceptional tiles design that gives the sense of luxury and elegant to your homes, office and many other place. In addition, our tiles surface design portrays clear and real pattern so whenever it is laid on the floor, the result will be exceptional. Cove features a classic modern approach / sytle in every design of our tile.

Cove granite tile products come with various granite pattern and size of 60x60cm, 80x80cm, 100x100cm, and 60x120cm that are adventageous to our customers that simplify the placement of tiles either on the floor or wall. Cove granite tile is processed by Pressure Machine 7200 Tones to produce strong granite body with high durability and more resistant against abrasions as well as rapture.

Project Reference

BDA Group has provided services on various projects spread throughout Indonesia. In line with the company's vision and mission, we are committed to providing the best quality products at competitive prices. Forms of service that have been running into various categories from private projects, private, offices, places to eat to public government facilities.

Connecting Pattern

Design : Connecting
Surface : Glaze Polish
Size : 75x150, 60x120, 100x100, 80x80, 60x60 cm

This series is a breakthrough of tiles technology where when laid on the floor following the arrow embossed on body tiles will connect the pattern automatically for each of the surface. This is truly a perfect substitute for real marble.

Timeless

Design : Fix Design
Surface : Glaze Polish
Size : 60x120, 80x80cm

Timeless refers to the classical design of natural granite where it never gets old or forgotten by anyone and anywhere now being printed to artificial granite. The process requires many times of glazing the layers of tile to produce better clarity of the design and reducing the waviness therefore improving the flatness quality.

Amada Size: 60x60cm

Dark Colour

Design : Fix Design
Surface : Polish
Size : 60 x 60 cm

The deep and dark concentrated coloring pigments are poured and mixed in each tile to produce very strong and intense color to be suited best for outdoor purposes. Dark color tile also follows the same process like the double loading tile, therefore has the exact similiar qualities with the double loading.

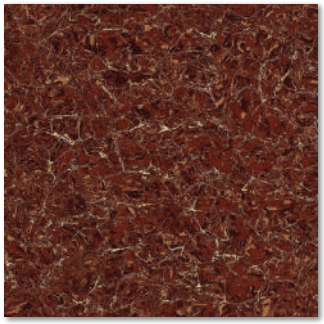

Bermeo Size: 60x60cm

Damasco Brown Size: 60x60cm

Damasco Red Size: 60x60cm

Double Loading

Design : Fix Design
Surface : Polish
Size : 100x100, 80x80, 60x60 cm

Unlike the soluble salt, double loading tile has higher resistance to abrasions and rapture due to a more sophisticated process of production technique. The double loading tile is pressed twice by pressure machines before the polishing process, therefore creating more solid and hardened surface. Finally, the color and the design of the tile outcome is as beautiful comparable to the real granite stone.
